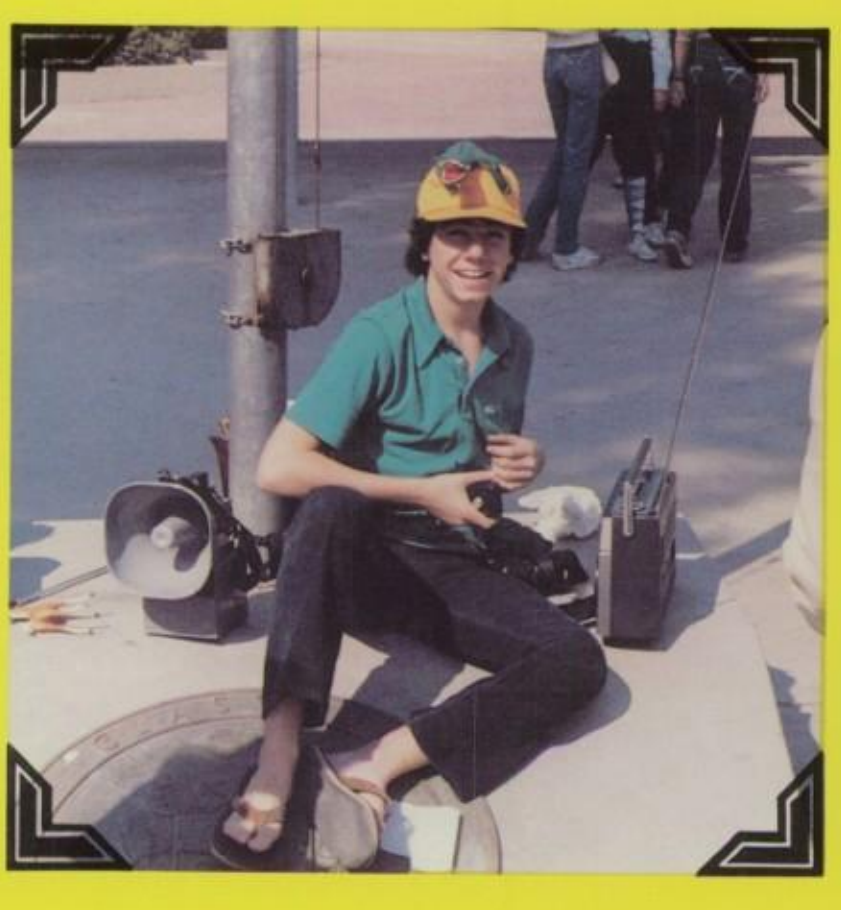
Reflections on the water

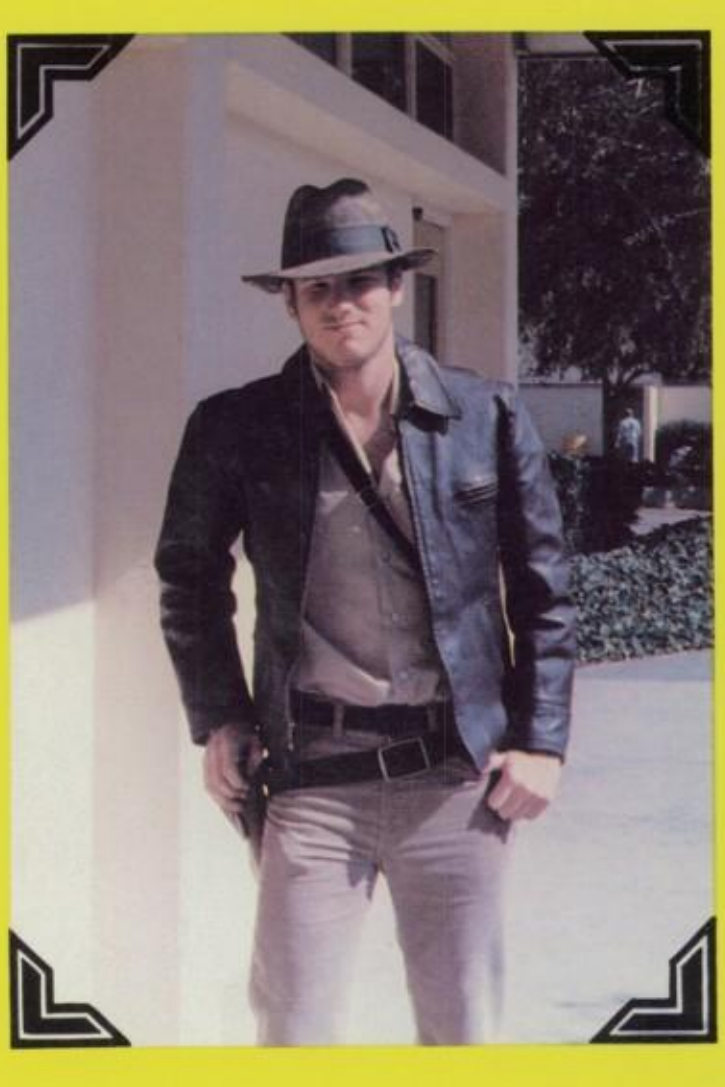
remind me of a glow.

of warm, friendly, magical times,

not so long ago.

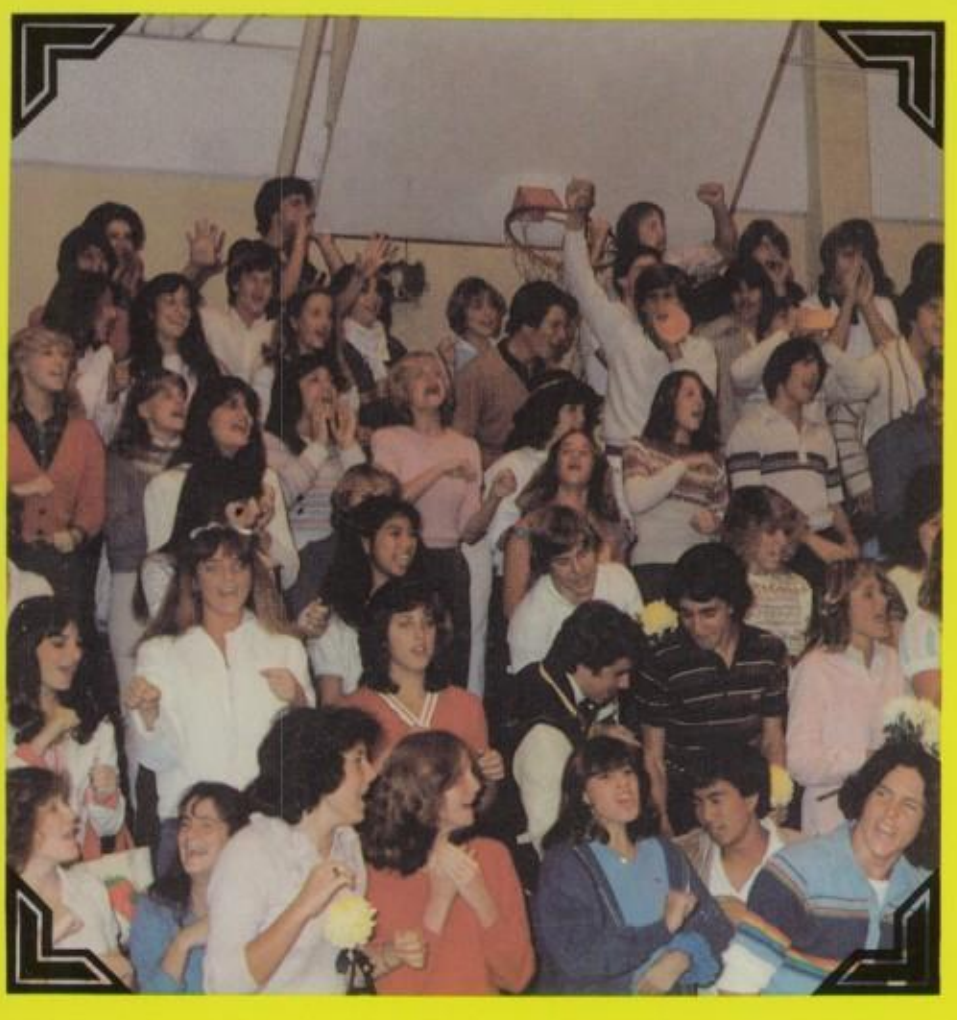
Freshman year
we shimmered,
With an awe of all
that's new

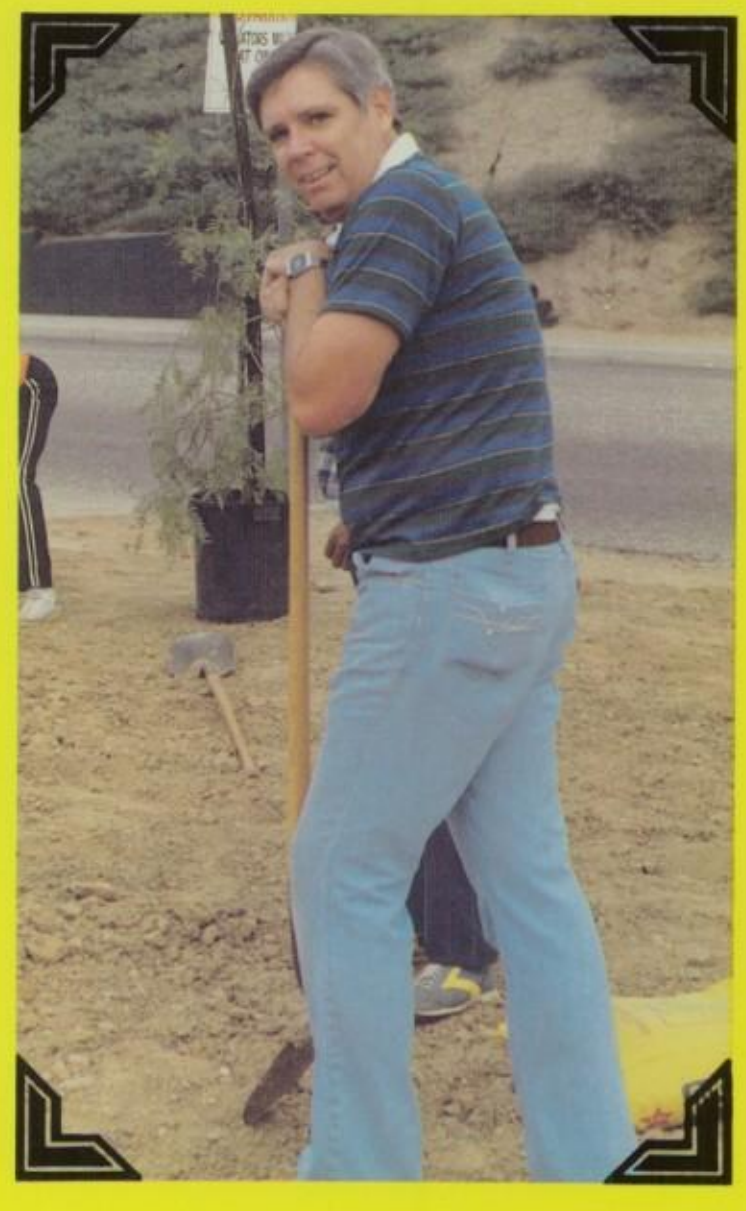


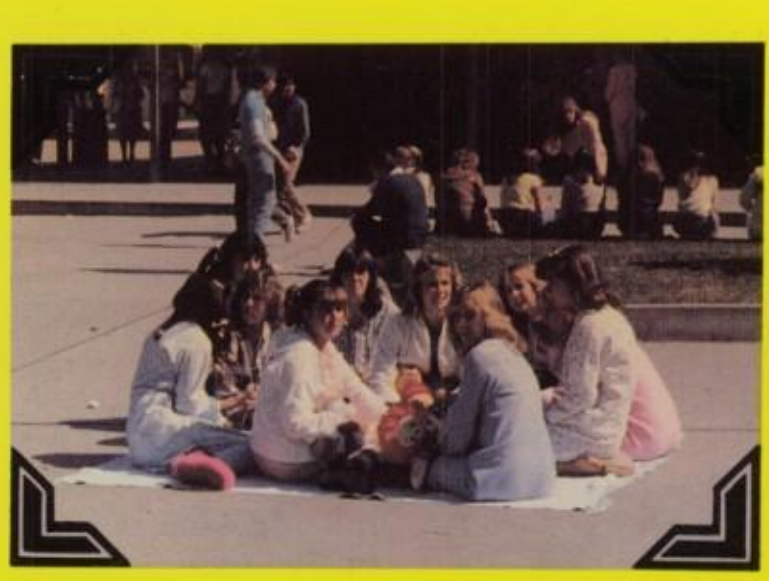


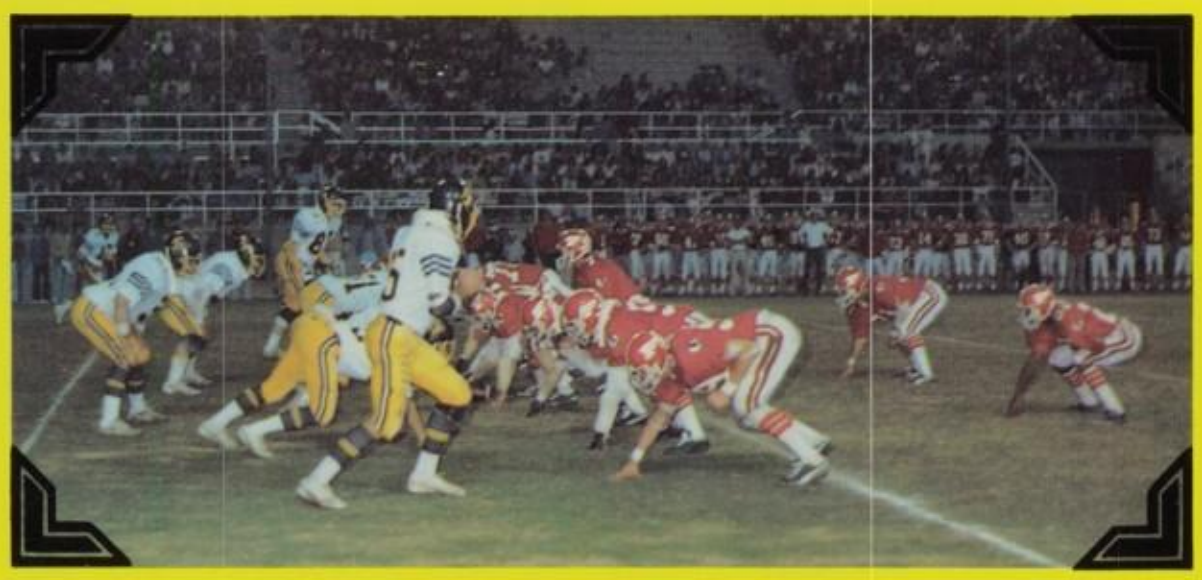
making new acquaintances,

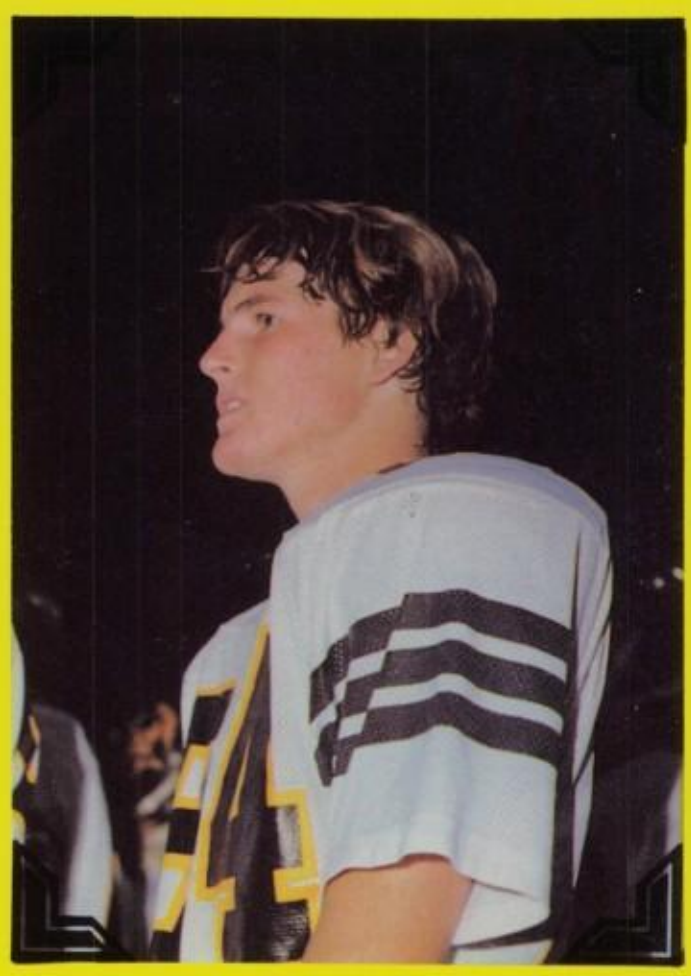
and keeping old ones too.









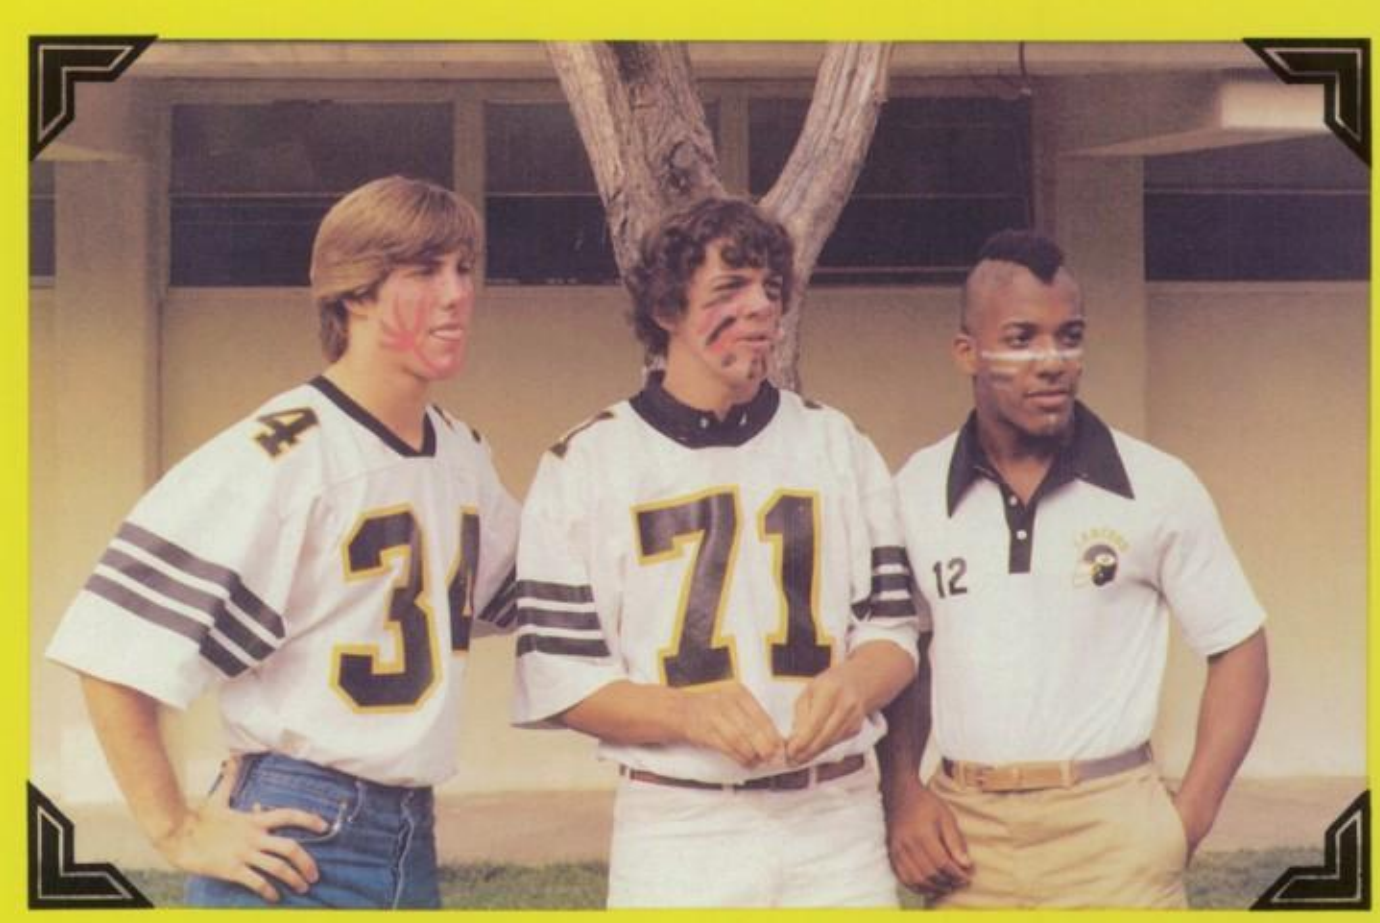


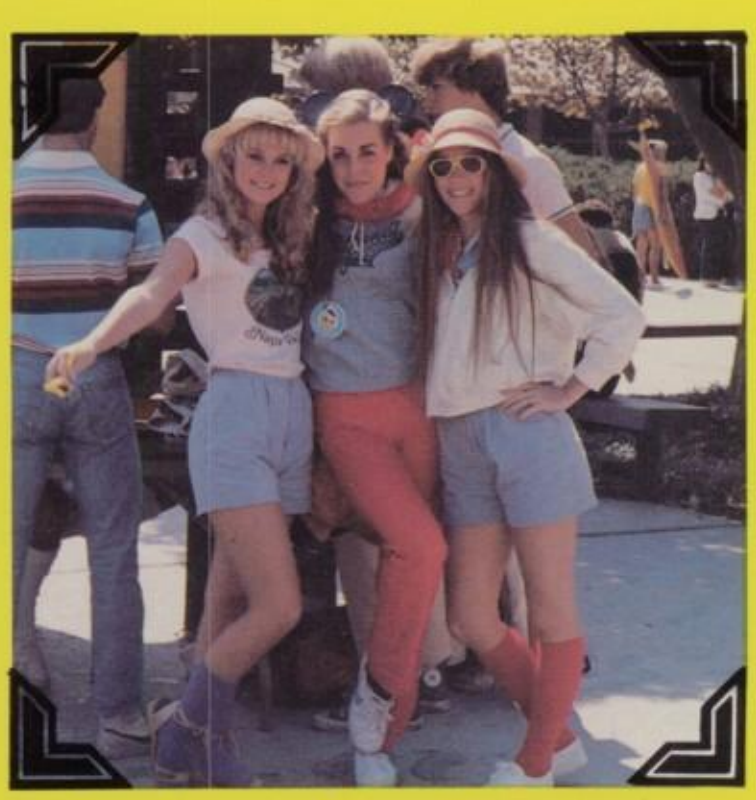
Sophomore year we sparkle
many new memories gained
romance, cars, and good times,
always will remain.

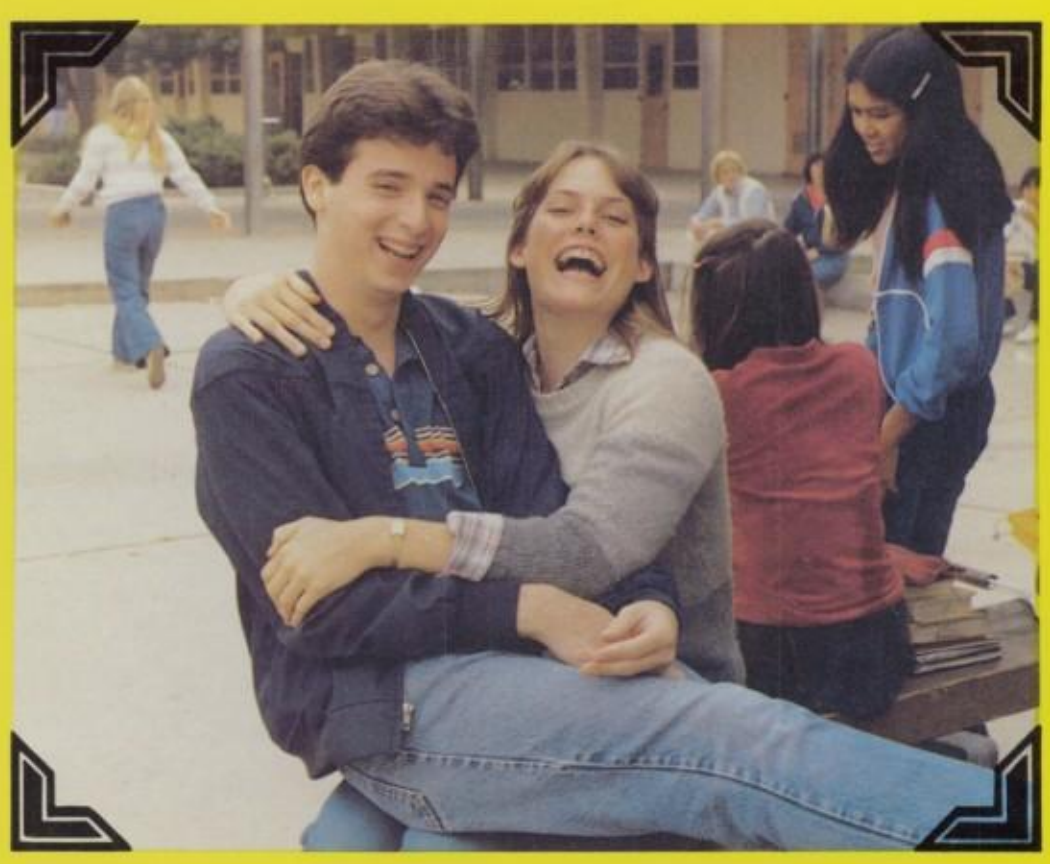
Junior year we glimmer

there's still so much

to be found,



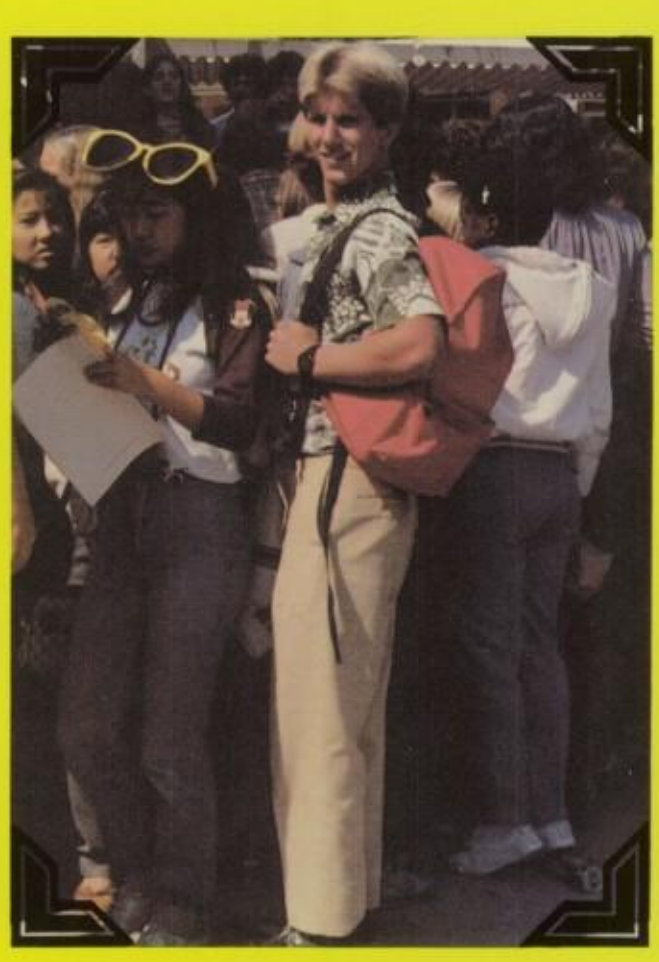




Laughter, sunshine and happiness

will forever

be found.



Senior year's

a shinning one,

an end,

and a beginning.

Planning

for the future,

in hopes

we'll come up winning!

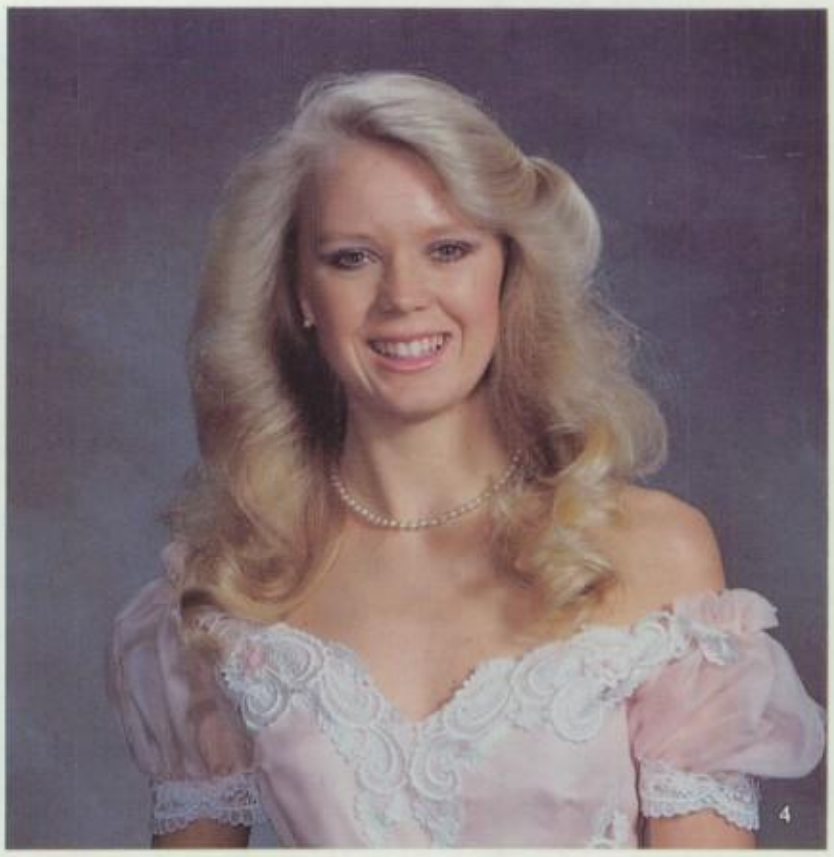
Being chosen Homecoming Queen was more than just a thrill, it was an honor beyond anything I have ever experienced. I can't explain in words of joy and excitement I felt when crowned. Thank you so much for that special moment which will always remain one of my most cherished memories.

Most Sincerely, Holly Pearson
1981 Homecoming Queen



This year's Homecoming Game was indeed a magical night to remember. The game was held at Spalding Stadium, on October 16. The Lancers won a hard fought victory against La Habra 8-7. The Homecoming court was driven in horse-drawn carriages and escorted onto the field by their fathers. The suspense during halftime mounted as Fred Ornelas paced back and forth several times and even crowned himself before finally crowning Holly Pearson as the 1981 Homecoming Queen. The princesses were Cindy Turner, Allison Fonte, Melinda Feldmiller, and Alex Vorbeck. The Homecoming Dance was held the next night in the Sunny Hills gym.

SPIRIT

Spirit week is a tradition at Sunny Hills. The theme this year was Magic Knights. Freshmen dressed as storybook knights. Sophomores revealed good knights. Juniors were tourists. And the Seniors cruised as Hollywood knights. Each class competed against the other throughout the week. The lower classes had an extremely hard time keeping up with this years awesome Senior class . . . better luck next year!

1. *Rob Jenican and Kristi Kitchen on their afternoon stroll.*
2. *It's Paul Wasserman making a call . . . over and out!*

6. *Sophomore girls . . . good knight!*
7. *Freshmen, as storybook characters, watch lunch-time activities.*
8. *Some of the juniors are ready for sightseeing.*

This year has been so exciting for us. Spirit is such an important part of Sunny Hills and we love to promote that spirit and see it happening throughout the student body. A great difference has been the unity created by the mascots. This is something we have not seen at S.H.H.S. for quite a while. It has been very rewarding to see the whole school cheering as one and supporting their teams. Keep it up Sunny Hills. We truly are #1!

The Varsity Songleaders this year were a very active part in the spirit at Sunny Hills. They appeared at the school rallies and games performing to the excitement of the crowd. The Frosh./Soph. Yell Leaders had a lot to do this year. They supported both the Freshmen and the Sophomore teams. These girls worked very hard getting the routine of a Yell Leader down. They, along with the other squads, attended the NCA cheerleading camp where they learned the fundamentals of cheering. They really turned out to be an outstanding squad!

ONLY TIME WILL TELL

The day we met,
Is a day I'll never forget.
The times we've shared,
The moments we've had since then.
Will those days ever come back?
Will those dreams ever be fulfilled?
I guess only time will tell.
But my friend,
My love for you will never end.
It's growing everyday,
In caring, sharing; In every way.
Those memories are in my heart,
And they and I shall never part.
Your one of a kind,
And you'll never leave my mind.
You've taught me so, so many things,
Along with the joy you always bring.
Sure Cyn, we always fight,
But maybe that's what kept us so tight.
Well our time has come,
It's time to part,
Maybe in sight, but never in heart.
I needed time alone, time by myself,
Time to think, time to discover who I
really am.
But don't you worry,
And please don't wait,
Let's end with a smile, without any hate.
Our day will come again someday,
Then maybe we will win:
TOGETHER!

Thanks for the Memories, Friends

Thanks, for the memories, friends,
of secret talks,
and to-class walks,
of telephone calls,
but that's not all,
I want to thank you for - so much.

Thanks, for the memories, friends,
of private jokes,
and elbow pokes,
of football games,
and dressing the same,
Thank you - so much.

Thanks, for just being there,
Whenever I felt despair,
you told me that you really care,
When I was really feeling down,
you always seemed to be around.
Thank you, friends, so very much.

Nancy Kim

Life at 16

All alone, so confused,
Watching others being used.
Good or bad: who really
knows?
Honest friends or deceiving
foes?
Feeling unloved and no one
to share,
So many problems; no one
could care.
Hidden hurt not to be seen
This is life at sweet sixteen

Lisa Flood

Will we ever forget the candy sales, dances,
football games, high school romances?
We share our tears and joys, our hearts and toys.
And through it all we have grown and learned
What it means to be an adult.
Will we ever forget the teachers, preachers, lectures,
and sermons we heard for four years?
Pray to God we don't.
It is too precious to lose.
Will we remember the smiles and grins when
the wrinkles set in?
We will see in 1992.
Until then, take the ball and run.
Life is really fun.
Now that we are prepared.

Jill Hackett

Foreshadow of a Good-bye

When I'm lonely
Tears collect in the windows of my soul
I long for a special person
A show of kindness, love
A dear friend to come and share life with me.

A constructive loneliness
Cleans out the cobwebs of old thoughts.
A time to reflect
A moment to select
The friend for whom I long.

Alone isn't the meaning of loneliness
Emptiness is a clearer metaphor.
It can be a special time
Of evaluation, reflection
On the relationship with my friend.

Alone can create images
In my mind of ideal plans.
A surprise or two
For when we are united once more,
To pass the time until my friend returns.

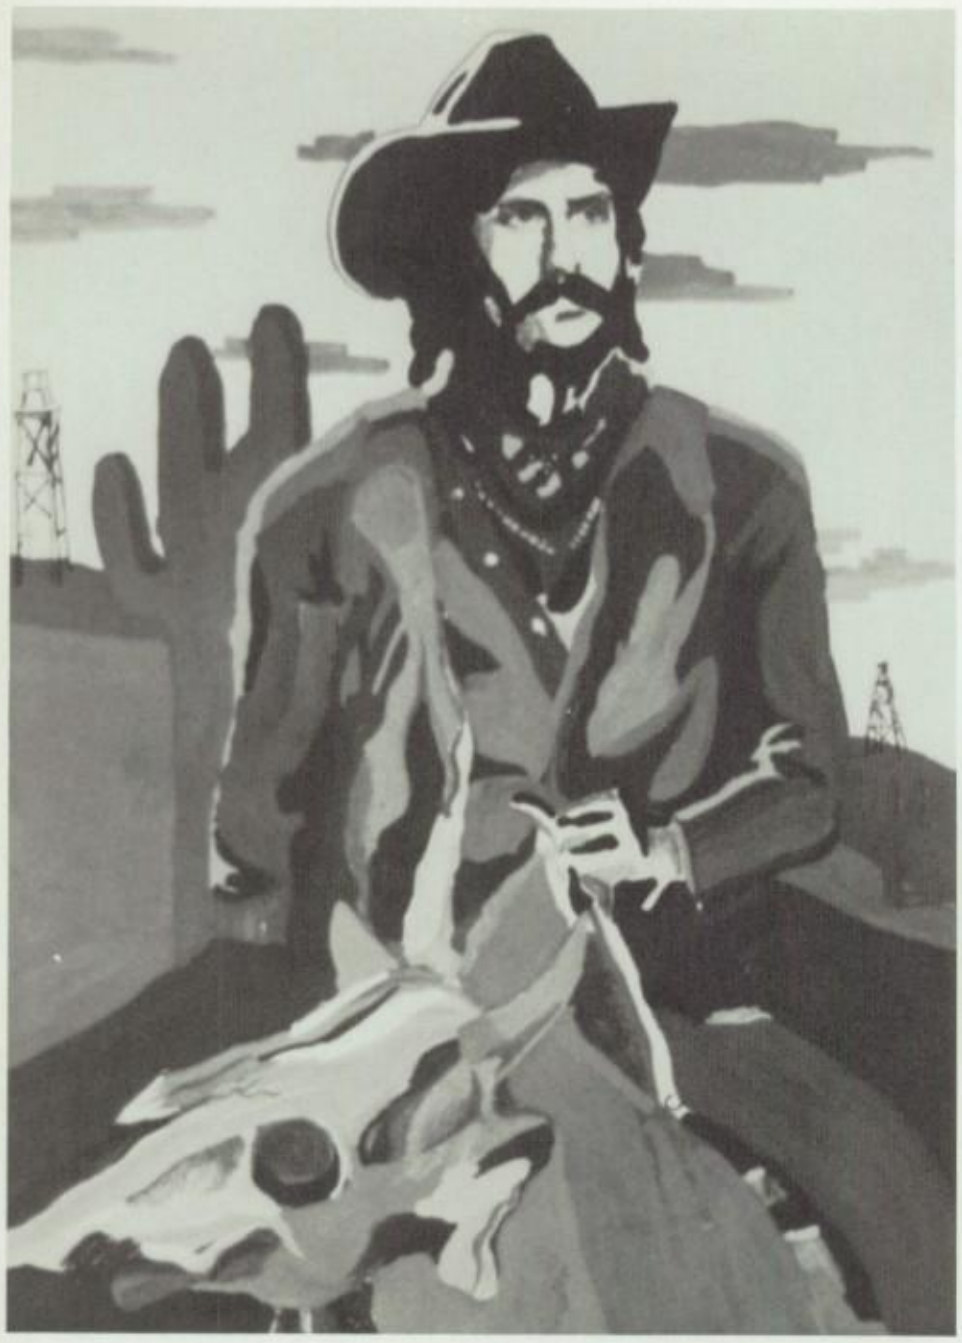
Alone doesn't have to remain
In the state that it is
A phone call, letter
Or a visit
Brings my friend into focus and loneliness flees.

It is you, my friend
Whom I think of now
I long to be with you
And let you know I care
And that I love you.

Though the hour is late
You'll understand my thoughts.
I want you to have a piece
of my life to take with you.
You're not alone now, I'm with you.

You will leave soon
For an eastern horizon
Yet we will always be together
In spirit and thought.
You're my friend. You're you.

Heather Hendry



You-

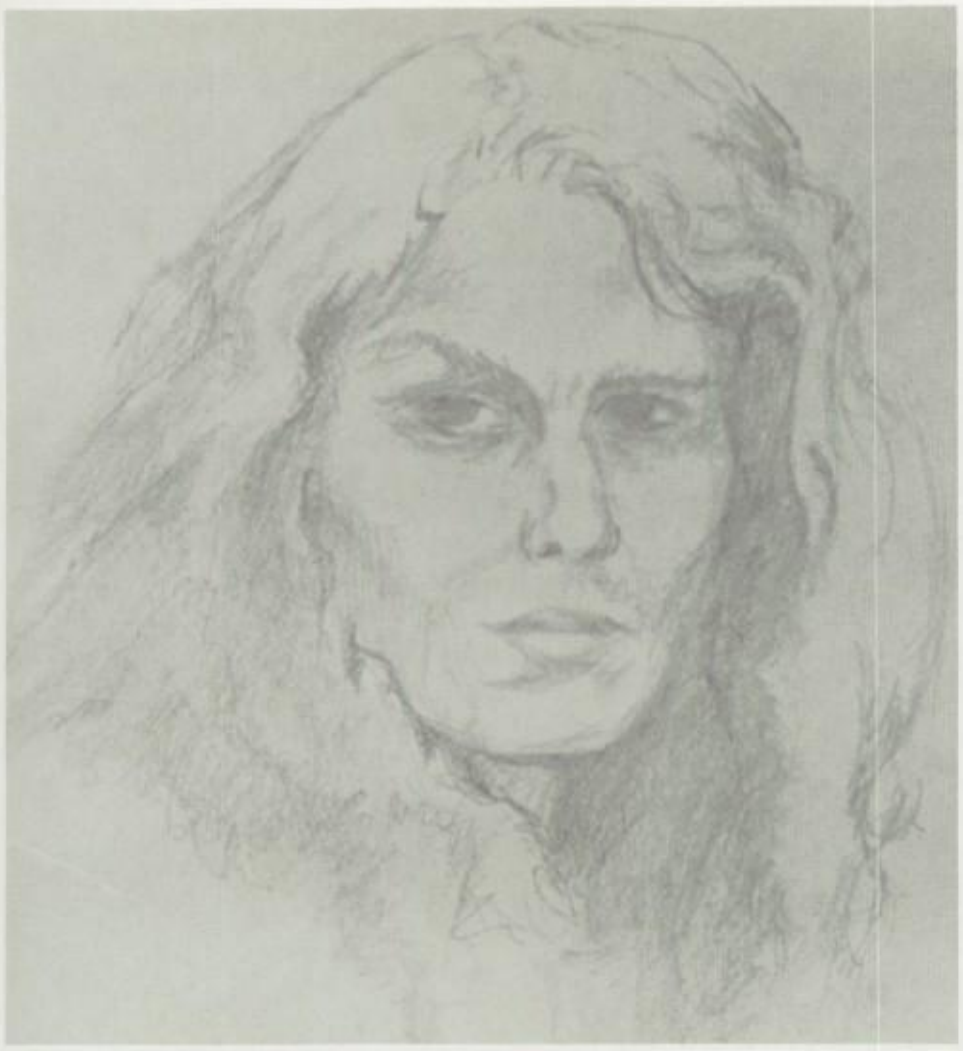
You changed my world;
You touched my heart
That was once broken apart.
You gave yourself;
You made me see,
That someones really cares for me.
You show me love;
You say you care,
And tell me of all the times we'll share.
You promise your tomorrows;
All so wonderful it seems,
But can you make reality out of our dreams?

Lisa Flood

A Little Smile

More than any other gift you've given me,
more than any words of love I've heard you say
Is your smile, a love-filled gift I can never repay.
A smile so sweet, so gentle that shows in your eyes, A
smile so beautiful that you share.
That smile simply shows me how much you care.
Even at times when we've had to part,
I see and feel your smile embedded in my heart.
Though we may fight from dusk to day,
Your smile says you are sorry, in your own special way.
Beneath all the sorrow and pain,
Lives a spark that shall always remain.
Your smile keeps that spark aglow, a fire that
shall never perish,
A sweet, little childish smile, that leaves me
with a love I shall always cherish.

Timmi Smalley



Memories

Memories gone, memories past
keeping alive the spirit on days
When I feel love won't last.
Memories of the first day you
touched my heart,
Memories creating bond,
saying we'll never part.
Memories of days of love and hate
that just seem to come and go,
Some memories come each day,
some I no longer know.
Memories of beautiful places,
Memories of all our love has
gone through and now faces.

Timmi Smalley

There's a time for hope
There's a time for tears
There's a time we'll treasure through the years
There's a time for love
There's a time for pain
There's a time that your loss may be your gain
But hold on tight to your dreams
No matter how it sometimes seems
And until you do whatever you wish
Turn your sorrows into a tasty dish
So please, remember in a special way

The memories of the past years; our close friendships, exhausting workouts, smashing victories, and bitter defeats will not soon fade. The Sunny Hills water polo team was conditioned to do one thing; Beat Newport. We thought this was our year, but after being turned away for yet another year in a close and controversial game, I wonder. I know there is a lesson to be learned somewhere, I just wish I knew what it was. To future Sunny Hills waterpolo team "Beat Newport".

Playing waterpolo for Sunny Hills has been a great experience for me. Not only have I had the chance to play for one of the top teams in the U.S.A., but I have made friendships that could never be broken. The only thing I regret is working four years to win CIF and then losing to Newport in the semi-finals. I know the team will overcome this and learn from it. It is hard to say how much the team and coach means to me but I only hope our love and respect for each other lasts forever.

Mitch O'brian

Playing on the Sunny Hills waterpolo team has, by itself, played the single, most inspirational role in my high school years. Losing to the semi-finals of CIF was not only anticlimatic, but a definite understatement for the potential of our experience. The 1981-82 Lancer waterpolo team has been through a heck of a lot together, and those of us on it know that its one thing that we'll never forget.

Steve Kiernan

The beginning of my freshman year at Chaffey High yielded many challenges, one of which, that to get to the finals of CIF 4-A waterpolo, we would have to beat Sunny Hills. Ironically, three years later, I am playing for Sunny Hills. Although we only made it to the semi-finals, I feel that we had the best team. At times we played terrible and at other times we played great. We just could not seem to put it together. As for my opinion about SHHS, the kids may be born with silver spoons, but they certainly don't have the attitude. I hope that the student body is proud of their school and will continue to be proud of it in the future. I only wish I could have come here earlier.

For four years I spent literally thousands of hours working and learning to play waterpolo. Many changes have taken place during those four years. I've come to know the greatest people in my life. Going from being good friends and being great friends is something most people won't experience. I thank God for giving me this opportunity. More than anyone else, I leave myself in the debt and gratitude of our coach Jim Sprague. I feel the extreme depression and sorrow of losing after four years of effort not only for myself but for Sprague. I'm sorry Sprague but you know we'll always love ya big guy.

The football team of 1981 was one of the best to wear the Lancer black and gold. The challenge involved a lot more than blocking, tackling, winning, and losing. With the knowledge that we had come so close and yet so far, the character and spirit of the Lancers reached new heights as a team to which we are all proud . . . Coach Tim Devaney

I felt very lucky to be a part of the best defense in the Freeway League. The whole defense worked hard to be the best and we proved that we were. I would especially like to thank all the coaches and fans for all their help and support this season.
John Gammon #54

I have played football for many years on many teams but I never before experienced the feeling of coming together as a team like I did this season. That feeling was enough, but as we played and won, this feeling multiplied in our minds and our hearts. We are the 1981 Freeway League champions. I love and thank you for this experience.
Sheldon Smith #13

We were given a challenge this year, to defend the league championship, and uphold the winning tradition of our Kingdom. We were led by great coaches, we fought hard, and together we learned the true meaning of love and friendship. We defended our honor and proved who the real Freeway League champions were. May the Lancer Kingdom live forever.

The 1981 football team showed the class of Sunny Hills. They fought back after a rough pre-season, winning their last six games and won league in the hearts and minds of everybody at Sunny Hills. The league's best defense played great all year, allowing only 30 points in the last six games. The inexperienced offense played with a great amount of determination and skill and were instrumental in the winning streak while the special teams contributed three touchdowns while not allowing any. Although their games were forfeited, the class they showed at Fullerton will long be remembered.

I couldn't have played with a better bunch of guys then I've played basketball with these last years. This year our record wasn't the greatest, but winning is only part of the game. A more important part is having fun. I was able to do both things in my four years. To be with twelve friends, working very hard and sometimes coming toegher to win is a great experience.

Dean Taylor #24

The Sunny Hills 1981-82 basketball team was apeculiar difusion of personalities off the court, but when we were on the court, all the differences were put aside and a close knit unity resulted. Through Coach White's patience and hard work, a "re-building year" team became an established force in the freeway league. Although we were not official champions, we were champions in our hearts, and thats what it is all about.

To be good, it takes many hours of work, and to be outstanding it takes heart. This year the Sunny Hills track team worked hard and was outstanding.

Fred Ornelas

Being on the track team for four years has been a great and most memorable part of my being at Sunny Hills. Track is a sport of individuals. It gives a person a chance to show his own special ability and a chance to be recognized for his talent. I found out that it was a constant battle between me and my conscious to keep on punishing myself when I was about to collapse. Being on the track team has really helped me in other sports and I'm really glad to be a part of this school's athletic program. Track is the sport of champions, my only hope is that the future of track runners at SH will live up to this standard.

Sincerely Steve Palmer

Playing Varsity Baseball is an honor. It takes a special brand of person. You have to go through weeks and months of hard work and sweat. You have to play as a team not an individual. You pull together as a team and play as a team. You win or lose as a team, not individually. You must never give up. Our team this year is young with two sophomores, eleven juniors, and only four seniors, which makes it twice as hard but we have pulled together well as a team and we have played as a team. To me, being Varsity Team Captain of Baseball is a great honor. I would like to give special thanks to my great coaches, Coach Trigsted and Coach Askey.

A wrestler is a true breed of champion. I admire the few individuals that finish a season, it is an awesome accomplishment. Wrestling is the most demanding of all the sports on campus. It requires a lot of self discipline and respect. You have to be more physically and mentally superior than your opponent. I would like to thank the fans, my coach, and my studly teammates for making my wrestling career at Sunny Hills a memorable one.

Wrestling my friends is a game of the mind! Where the strong prosper and the weak diminish. But there are no losers in a match where two young men fight endlessly with all their heart and soul. To become victorious it is knowing that you went out on the match and reached back for that little extra to overcome and be a winner. I'd just like to say that wrestling is a tremendous character builder and it left me with memories that will never die. I'd like to thank my fans for leading me to my 36-2 record, but remember no one has to prove anything to become cocky, and I have proven that. This ones for you George C. Zipp and John Cassidy.

I have not only had the fun of playing on a team with a close group of friends, but I was able to represent Sunny Hills in a very dignified way. Playing on the girl's basketball team these past few years has been a very rewarding and fulfilling experience for me. In addition to making many lasting friendships, we have, through much hard work and patience, found that teamwork and spirit are the keys to winning. By winning league last year, the girl's basketball team had did what no previous team had ever accomplished. In this year's 1981-82 basketball season, Sunny Hills is continuing its winning ways!

The Sportscasters Club's main responsibility this year was to announce various activities at all the home football and basketball games. Under the guidance of Ron Woerner, the sportscasters announced the line- ups, gave the halftime stats to the crowd, and told of upcoming events. Their duty was to give accurate accounts of the play-by-play action. Although their efforts often go unnoticed, their contributions were greatly appreciated.

1981 was a good year for sugar-n-spice. We pulled together a large group of separate girls into one big senior girl family. Through secret pals, pig-outs before games, fund raisers, easter eggs, banquets, and initiation we made memories that we'll never forget. Our purple heart sweatshirts brought originality to a neat club. I feel priviledged to be such a big part of these 120 senior girls. I just hope and pray that I contributed as much to their lives as they did to mine.

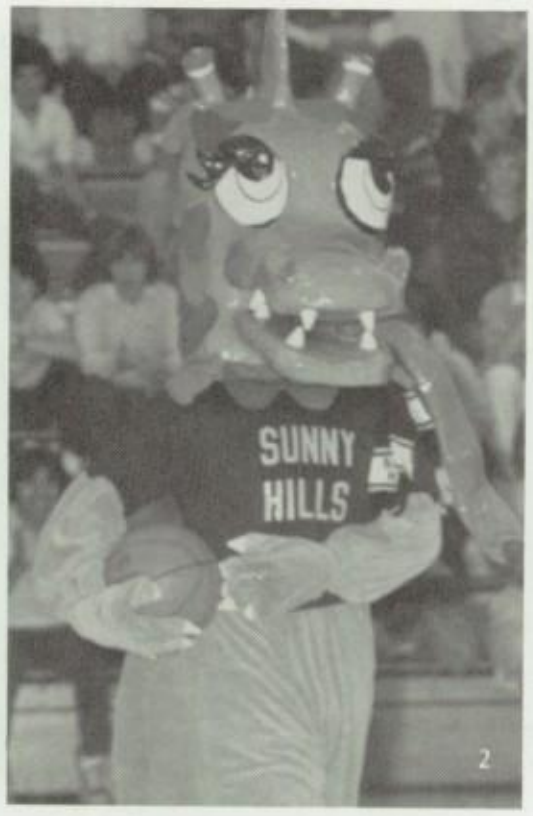
This year the Varsity Club consisted of twenty-eight guys who formed a number of activities. Some were the Sweetheart Ball, the Dating Game, and the Wedding. Not only did we gain everlasting friendship through our club, but we had a blast doing it, and those times will never be forgotten.



Spirit Club, with over 300 members, has really grown this year. We have had many activities including poster parties, pin sales, and sections at games. The members of spirit club are energetic and excited about S.H. and they in turn are the students who really support our school. We've got spirit, yes we do! We've got spirit, how 'bout you?

A.F.S., three letters representing a club. This club offers opportunity to encounter the world, its people and oneself. Because no A.F.S.'ers were hosted here this year, our club's main duty was to find host families for the '82-'83 school year, also to meet exchange students from different organizations. We met Jutta Larsen and her cousin Ulla Jacobsen from Denmark, and from Finland was Eeva Sirkku Konola.

A.F.S. Members:

The International Thespian Society (ITS), is an organization which aims to establish and advance standards of excellence in all phases of theatre arts. We are a new club at school but already have gained much interest. This year we have hosted the district drama festivals, had many fundraisers to pay for our end of the year banquet, we have seen plays, helped with school productions by painting sets and ushering, and we have even put on our own holiday play. That is some of the things we have done this year. That is what "ITS" all about.

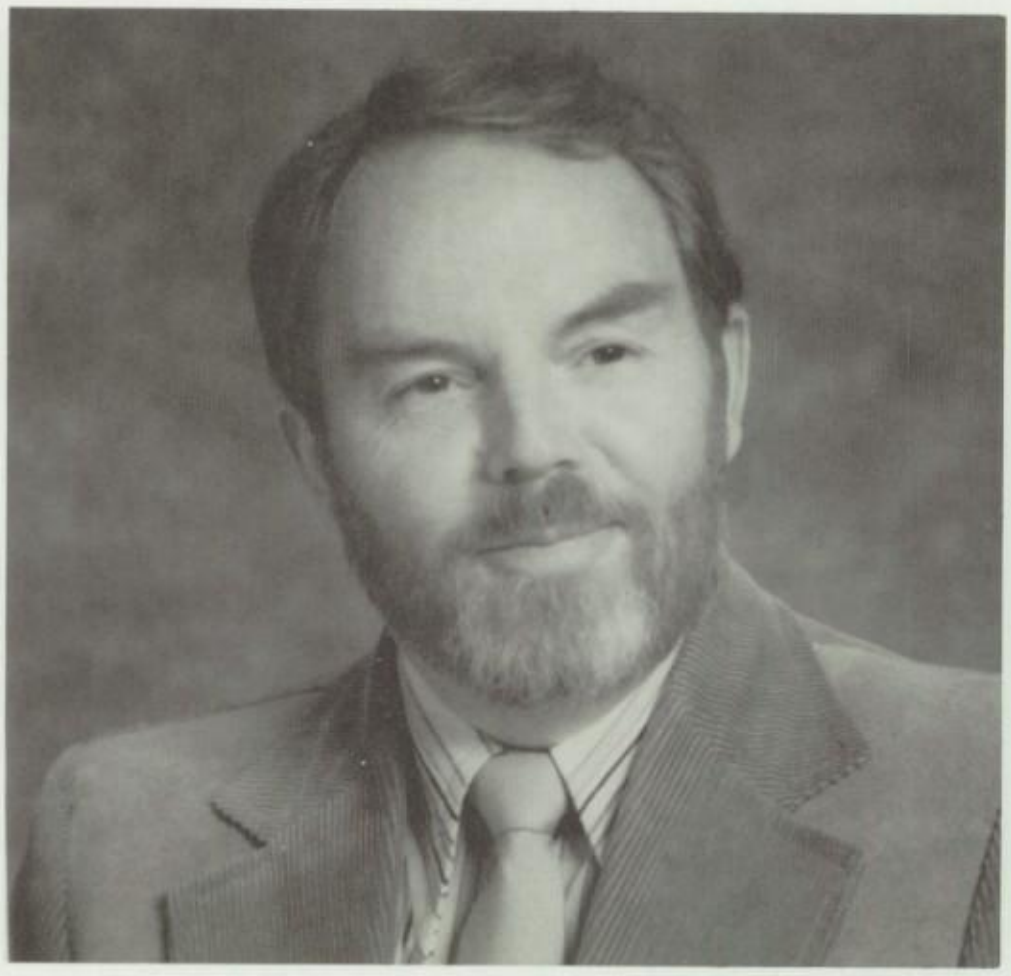
FACULTY



Students,

It is great to be a part of Sunny Hills High School. I have thoroughly enjoyed my first year here, thanks to the tremendous support of students, staff, and parents. The Sunny Hills tradition of "excellence in all things" is one certainly worthy of the effort exerted by all associated with Sunny Hills High School. The standards and expectations of achievements are high, as they should be. Those of us who are a part of Sunny Hills High School today have a great deal to live up to, and we work to continue the tradition of "excellence in all things."

Cydney!

I'm really glad we've been friends for the last year or two we've had alot of fun. Your a really great friend to have, to bad we get into our little arguments and no talking spells every once in a while we really shouldn't do things like that ya know. We have to get together this ~~weekend~~ summer (oops!) and do alot of fun stuff like go to pup in taco or something. I hope we stay friends for along time because even though you put me through hell once in a while your still one of my best friends. I never know what we fight about but I never have and I probably never will so I won't even think about it. We have to keep in touch this summer even if it kills us O.K. Remember it's 750-5202

friends always,

Robin

Cyd,

Well. The year is finally over and I can't believe we made it through Wixon's [redacted] class. You are a really sweet person and I hope you get everything and everyone you want. I don't believe were graduating. I want to wish you all the luck in whatever you do. I'll see you at J.C. for 1 year or so then I'm moving on to better things, like Cal. State. Oh Well. I hope you will call me during the summer and we'll go see Bad Habit and Stormer and whoever else. We definately have to go to the beach or out or something.
